Treatment Facility

WHO WE ARE

CETPA is a private, nonprofit, tax-exempt behavioral health treatment, prevention and educational program. CETPA is the only full service Latino behavioral health agency in Georgia.

We are behavioral health professionals recognizing the need for affordable, linguistic and culturally appropriate counseling and prevention services and making them available to the Latino community at large.

CETPA is licensed by the Division of Healthcare Facilities Regulation of the Department of Community Health and is the only Latino agency in Georgia to earn national accreditation by CARF to provide behavioral health treatment and prevention services in English and/or Spanish.

TREATMENT SERVICES

CETPA provides services for Children, Adolescents and Adults.

- ❖ Evaluations/Assessments
 - Mental Health
 - Substance Abuse
- ❖ Psychiatric Services
- ❖ Psychological Services
- ❖ Tele-Counseling
- ❖ Play Therapy
- ❖ Individual Counseling
- ❖ Family Counseling
- ❖ Group Counseling
- ❖ Supportive Counseling
- ❖ Family Education Programs
- ❖ Nursing Services
- ❖ Medication Management
- ❖ Nutrition Services
- ❖ Community Education

Services in English or in Spanish

The Latino Youth Clubhouse Program **“The DREAMRS”** is designed to provide a comprehensive and unique set of services for children and families coping with the isolation, stigma and other challenges of substance use and co-occurring (substance abuse and mental health) disorders.

The Clubhouse will provide Latino youth who are receiving counseling services at CETPA with support services including:

- 7 Challenges Program
- Tutoring
- GED/SAT Preparation
- Employment Counseling
- Social Activities
- Game and Exercise Room
- Aftercare Services
- Peer Support Services

VIRTUAL REALITY CLINIC

Thanks to the Substance Abuse Mental Health Services Administration, Center for Substance Abuse Treatment, CETPA is a recipient of one of the Health-IT grants that now allows us the opportunity to deliver counseling services through the **CETPA Virtual Reality Clinic (CVRC)** to better serve our clients in a linguistic and culturally competent manner.

Many adult Latinos, because of issues such as transportation, childcare, lack of providers in their neighborhoods, and/or financial constraints are unable to travel to receive much needed counseling services.

Now CETPA can leverage this technology to enhance and expand the capacity of substance abuse treatment to these individuals through our virtual reality clinic.

PREVENTION PROGRAMS

The CETPA Prevention Programs provide prevention efforts to the Latino community in Georgia in an attempt to increase the awareness and the knowledge about alcohol, tobacco and other drugs, and other risk factors. Our primary goal is to educate children, parents and families and to help them make healthier choices in order to avoid the pitfalls of the many risks present today in their lives.

- ❖ Prevention Clubhouse
- ❖ Summer Camps
- ❖ Family Education Programs
- ❖ Statewide Alcohol Initiative
- ❖ GEN RX – Prevention of Prescription Medications
- ❖ Suicide Prevention Program
- ❖ Sports
- ❖ Dance

STATEWIDE ALCOHOL INITIATIVE

This year CETPA received the opportunity to open up prevention services in five new regions of the state. Through this project, funded by the State Office of Prevention Program and Services, we are opening new frontiers and bringing prevention programming to Latino communities for the first time.

The areas that are participating in our project are Dalton, Carrollton, Valdosta, Savannah and of course our main prevention program location, Norcross. We will also be inviting participation from the cities of Doraville and Sandy Springs.

The project will focus on three areas: 1) Reduce the early onset of alcohol use among 9-20 year olds; 2) Reduce access to alcohol and binge drinking among 9-20 year olds and 3) Reduce binge & heavy drinking among 18-25 year olds.

To learn more about CETPA, our programs and our locations, please visit our bilingual web site at www.cetpa.org
