

THE ORZAMRS

You Can Achieve If You Believe!

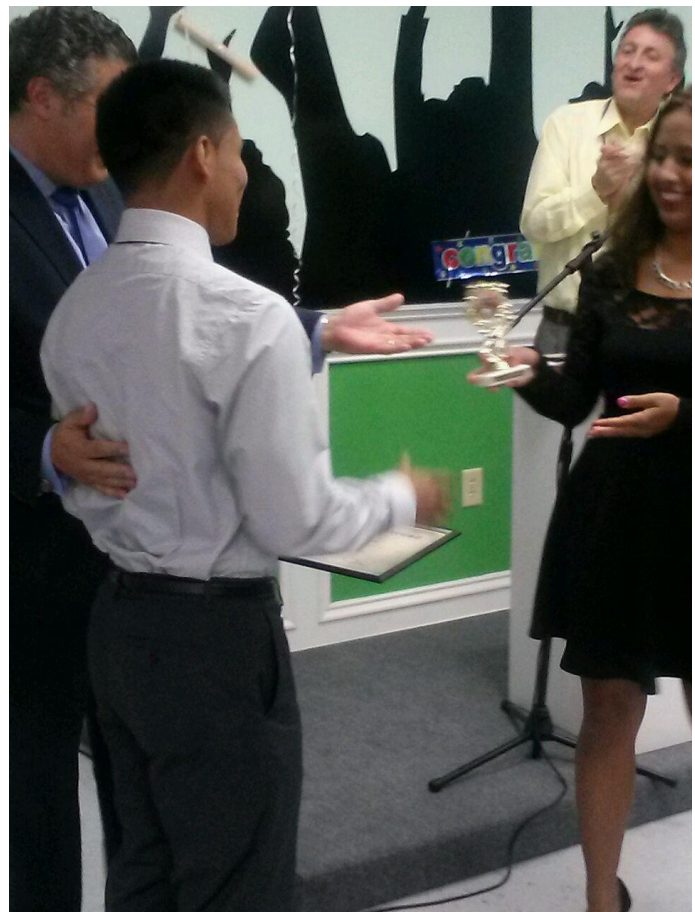

May 2015

The Clubhouse, our families, and staff celebrated Mother's Day along with Graduation Day. Five of our clubhouse members graduated this year and we couldn't be any happier than to share this wonderful experience with them. We awarded them with a diploma and a trophy. Congratulations to the graduates Katia C, Salvador C, Jose R, Leonel D, and Sergio R.

For Mother's Day our members made crafted cards and a beautiful rose boutique for their mothers. Moises M. and Brenda J. got on stage and read them two beautiful poems.

After the ceremony was done we processed to dinner deliciously made by our staff and mothers. Everyone had a good time.

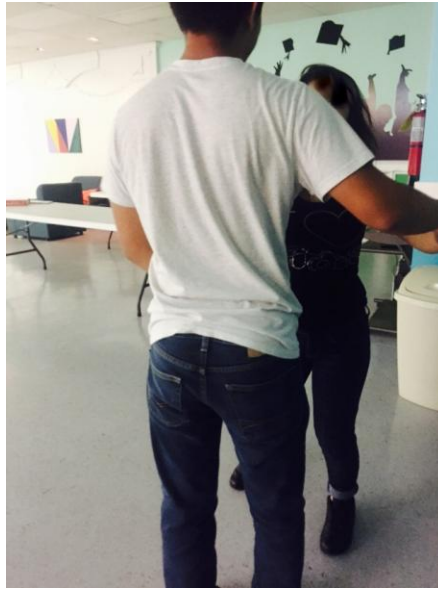

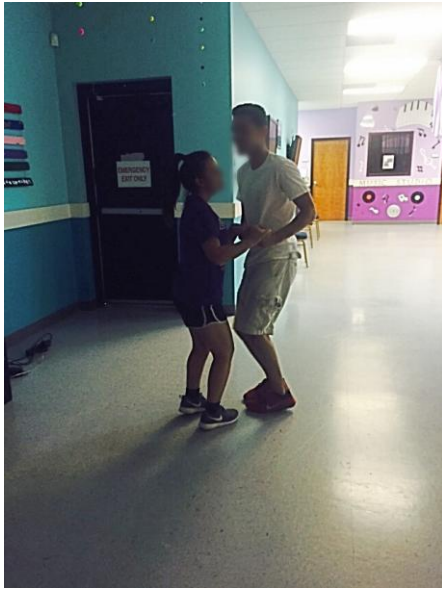

Jerry “Smokin B” in the house!

Mr. Jerry continues working on setting up the music room and remains teaching us about the radio station. We have helped him set up the studio by connecting the microphone, speakers and computers. During his visit, he also gave us a workshop on voice enhancement and how it works in the radio station.

Thank you again to Mr.Jerry & Mr.James for helping in the clubhouse.

Just Dance

Ours DR3AMR'S had the opportunity to take some dance classes led by our Case Manager, Daniella. Some of the dances she taught were salsa, bachata, and merengue.

Fernanda, one of our DR3AMR'S taught us how to dance Punta, a typical dance of her native Honduras.

We had a great time learning new dance moves!

The Last Rock

We had two guest speakers from the Universal Church who came to speak to us about their life's experiences with drugs and to give us a special gift of a wonderful book called "The Last Rock" which is based on a true story. Thank you again to the pastor, Carlos Azevedo and his helper, Jonathan Graciano.
